Why do you need to refer to you dloyd at all, you want me to stop, yet
```

you try to keep this going with a blog in my nym.

yes I do believe that, bi and gay males lust after young boys, and if
it was legal, they would engage in sex with minors without hesitation.

My religion does not require me to do anything, except what god asks
of me. Answering your questions and your flloding is not harrassment,
you get what you give.

Riley is the main enforcement official for wireless, he was a godsend
for the ARS, not a fraud as you propose. Based on your commets there
is no doubt that fools gravitate towards each other.

Let see,

He somehow came to conclusion that I have some sort of intimate relation with Mr. Hollingsworth just because I think he does a good job for the ARS, and he is rightly pursuing his weirdo pal Toad.

He is now implying that I am a pedo just because I believe that bi and gay males lust after young boys, and if it was legal they would willingly use them for their purposes. I think Mark squirms way too much when I mention this...very suspicious.

He keeps asking about some "pimping of a kid" yet I still have no idea what he is talking about. I can't be responsible for forgeries done in my nym.

He suggested that I lust after young girls because "it is logical that since you claim to beloive bia dn gay are after little boys that you personaly are to little girls." But Mark's argument falls apart because most hetro men in the U.S. don't have the sexual appitite like gays and bi. Without going into the sickening details about the bi-gay lifestyle, which most folks are already too aware of their practices, due to the conservative media's coverage of the causes for the rapid spread of AIDS <------ "unprotected anonymous sex with many partners."

Finally, Mark asked why I spazed out, but by looking at the board, you can see who was doing the spazing. While I was out enjoying an evening with family and friends, he was here making implying false charges about an FCC official. Shame on Mark, but he has now taken the first step down Toad's road, let see if he is stupid enough to follow.

"I think sex is better than logic, but I can't prove it."
-- Anonymous
==========
Liz and Kevin had been married for some time and were having problems.

They decided to see a marriage counselor.

After some routine questions the counselor asked the unhappy couple, "What seems to be the problem with your marriage?"

Almost in unison Liz and Kevin answered, "I'm unhappy with the whole thing."

"Can you be more specific?" asked the counselor.

Kevin answered, "I'm unhappy with the hole."

Liz snapped back, "Well I'm unhappy with the thing!"

1948 - Allies Found That
No Camp Inmates
Were Gassed

Circular Letter No. 31/48 Vienna,
1 Oct. 1948 10th dispatch
12-9-5

1. The Allied Commissions of Inquiry have so far established that no people were killed by poison gas in the following concentration camps: Bergen-Belsen, Buchenwald, Dachau, Flossenb�rg, Gross-Rosen, Mauthausen and its satellite camps, Natzweiler, Neuengamme, Niederhagen (Wewelsburg), Ravensbr�ck, Sachsenhausen, Stutthof, Theresienstadt.

In those cases, it has been possible to prove that confessions had been extracted by tortures and that testimonies were false.

This must be taken into account when conducting investigations and interrogations with respect to war crimes.

The result of this investigation should be brought to the cognizance of former concentration camp inmates who at the time of the hearings testified on the murder of people, especially Jews, with poison gas in those concentration camps. Should they insist on their statements, charges are to be brought against them for making false statements.

Amateur Radio License Exam Preparation Software
Getting your Amateur Radio License has never been easier. Effective February 23, 2007 the FCC removed the Morse Code requirements for all Amateur Radio License Classes . Since that date, applicants for a Technician, General or Extra Class Amateur Radio License no longer have to demonstrate proficiency in Morse Code. You just have to pass the applicable written examination.

That's where we come in. Our amateur radio license exam preparation software serves as a training aid to help amateurs and prospective amateurs pass the Volunteer Examiner Coordinator's (VEC's) administered exam. When you can consistently pass the exams given by our exam preparation software, you will almost certainly pass an actual Volunteer Examiner Coordinator's (VEC's) administered exam.

Our amateur radio license exam preparation software uses the latest officially released Volunteer Examiner Coordinator's (VEC's) approved question pools. The program breaks the test into different sub-element. Integrated into the software are illustrations and Part 97 rules pertaining to the current question. The program tracks the progress of the tests taken. Once you have mastered each sub-element you are ready for the officially administered exam.

There were less than 3 million Jews in the Nazi occupied Europe. In 1946
3.25 million Jews claimed reparations from Germany. If six million of the
bastards were killed by Nazis, where did they come from?

I can tell.

Right now, your fanbois have three kook awards to your one and are working on their fourth. Should they actually win, I might nominate them for a fifth, the Special Ops Cody for self-inflicted wounds. Or, I might just throw all of you into the Galactic Killfile. Nothing personal, Mark. I might actually like you if I met you in person, but you're boring on USENET and your fanbois are worse.

A little old man shuffled slowly into the " Orange Dipper", an ice cream parlor in Leesburg, and pulled himself slowly, painfully, up onto a stool.

After catching his breath he ordered a banana split.

The waitress asked kindly, "Crushed nuts?"

"No," he replied, "arthritis."
==========
Two bees ran into each other. One asked the other how things were going.

"Really bad," said the second bee, "the weather has been really wet and damp and there aren't any flowers or pollen, so I can't make any honey..."

"No problem," said the first bee, "Just fly down five blocks and turn left and keep going until you see all the cars. There's a Bar Mitzvah going on and there are all kinds of fresh flowers and fresh fruit."

"Thanks for the tip" said the second bee and flew away.

A few hours later the two bees ran into each other again and the first bee asked, "How'd it go?"

"Fine," said the second bee, "It was everything you said it would be."

"Uh, what's that thing on your head?" asked the first bee.

"That's my yarmulke," said the second bee, "I didn't want them to think I was a wasp."

New Sign of a Stroke -- Stick out Your Tongue

STROKE: Remember The 1st Three Letters.... S.T.R.

My nurse friend sent this to me and encouraged me to post it and spread the word. I agree. If everyone can remember something this simple, we could save some folks. Seriously.. Please read:

STROKE IDENTIFICATION:

During a BBQ, a friend stumbled and took a little fall - she assured everyone that she was fine (they offered to call paramedics) .... she said she had just tripped over a brick because of her new shoes. They got her cleaned up and got her a new plate of food. While she appeared a bit shaken up, Ingrid went about enjoying herself the rest of the evening. Ingrid's husband called later telling everyone that his wife had been taken to the hospital - (at 6:00 pm Ingrid passed away.) She had suffered a stroke at the BBQ. Had they known how to identify the signs of a stroke, perhaps Ingrid would be with us today. Some don't die.... they end up in a helpless, hopeless condition instead.

It only takes a minute to read this...

A neurologist says that if he can get to a stroke victim within 3 hours he can totally reverse the effects of a stroke... totally. He said the trick was getting a stroke recognized, diagnosed, and then getting the patient medically cared for within 3 hours, which i s tough.

RECOGNIZING A STROKE:

Thank God for the sense to remember the "3" steps, STR . Read and Learn!

Sometimes symptoms of a stroke are difficult to identify. Unfortunately, the lack of awareness spells disaster. The stroke victim may suffer severe brain damage when people nearby fail to recognize the symptoms of a stroke .

Now doctors say a bystander can recognize a stroke by asking three simple questions:

S * Ask the individual to SMILE.

T * Ask the person to TALK and SPEAK A SIMPLE SENTENCE(Coherently) (I.e. It is sunny out today)

R * Ask him or her to RAISE BOTH ARMS.

NOTE: Another 'sign' of a stroke is this: Ask the person to 'stick' out his tongue. If the tongue is 'crooked', if it goes to one side or the other , that is also an indication of a stroke.

If he or she has trouble with ANYONE of these tasks, call 911 immediately and describe the symptoms to the dispatcher.

A cardiologist says if everyone who gets this e-mail sends it to 10 people; you can bet that at least one life will be saved.

There was a preacher whose wife was expecting a baby so he went before the congregation and asked for a raise. After much discussion, they passed a rule that whenever the preacher's family expanded, so would his paycheck. After 6 children, this started to get expensive and the Congregation decided to hold another meeting to discuss the preacher's salary. There was much yelling and bickering about how much the clergyman's additional children were costing the church.

Finally, the Preacher got up and spoke to the crowd, 'Children are a gift from God,' he said.
Silence fell on the congregation....

In the back pew, a little old lady stood up and in her frail voice said,

'Rain is also a gift from God,

but when we get too much of it, we wear rubbers.

And the congregation said, 'Amen'

Hello CBC:

Wow again you are wrapped around the axle in a negative way. Maybe ya need to get out more often, you know see a movie, go out on a date, have some fun.

Yes great videos, the one guy on channel six was using a beam upgrade kit I sell thanks. Guys sounds great!

I didn't know they had the radio videos, thanks.

Me thinks now I need to make a few videos. Maybe a large cardboard box painted black with meters and large tuning knobs, turn indicator lights off my 66 Mustang, and a ahaa hooo gah horn, Some classic bitchen rock n roll as background music, and some not honey in the back ground. OH YEAH! The gears are turning thanks again CBC!

Hello Steve:

I think poor ol CBC is one of those who never fit in, you know the guys who where never tall enough to get on the wild rides at the amazement park, had his lunch money taken from him ect. Probably has to get the car home on time so Mom can go to Church on Wed nights. Kind of a shame.

There is a "bitchen" CB Radio video out there that has the song "Simple Man" by Lynyard Skynyrd, I can't find it again, darn!

Hello Jay

Yeah that sounds like a fair description of CB corey, always on the outside looking in wondering why no one pays any attention to him.

Simple man by who was it, Ricky Van Shelton? was good too. There's a few simple man renditions in the air now, but Skynard prolly started it all.

Thanks for the wave, Jay. Have a good weekend, maybe catch you in the air.

Another win for John, N3HBX - he keeps winning case after case, but it looks like the neighbors are going to continue with other cases.

http://www.gazette.net/stories/022708/damanew62105_32381.shtml

The Supreme Court declined to hear a case last week filed by the neighbors of a lot with four 190-foot ham radio towers in Poolesville, bouncing the four-year legal battle back to the county's judicial system.

Two neighbors of the 44-acre Sugarland Road property, Thomas Burruss and Alan Gaunoux, filed the lawsuit in August 2004 against John Evans of Clarksburg, a ham radio enthusiast who bought the lot to support his hobby, according to published reports and an online state court records database. The neighbors appealed to the Supreme Court when the Maryland Court of Appeals ruled last year that adjacent property owners are not required to be notified when a neighbor receives a routine building permit.

The full story is at
http://www.gazette.net/stories/022708/damanew62105_32381.shtml

The bottom line is that all of the permits were done properly and were legal - a lesson to anyone who wants to put up a tower, make sure all the i's are dotted and t's crossed and hope your neighbors don't through a fit, or you'll be in court anyway.

3933. What does an AZT dose cost these days?

Just curious, Mark.
What does a single dose of AZT cost these days?

Can you get a Generic prescription?

Does your Medicare pay for some or all of it?

And how long does a dose of AZT last? Do you take it weekly? Monthly?

Is it in pill form or liquid?

And how long before the AZT no longer works and the HIV virus finally
overrides your immune system?

Enquiring minds want to know when to send sympathy cards.

In our area, whenever a person requests a building permit, the neighbors
need NOT be contacted.
In cases such as Variances, or Special Use Permits, then the neighbors are
contacted, but only those within 300 feet of the applicant...and even at
that there is no rule that requires the neighbors to be notified. Our local
Zoning Dept does so as part of the notification process but it is not
required by law and is something done out of consideration for the
neighbors.

Hello Steve:

Yeah ok I will be keeping an ear open on 27.385 for the local CB
traffic, and 28.385 for the local ham traffic and hopefully some DX
stations may come rolling in.

Jewish Professor Says Porn Industry is a Weapon used by Jews Against Gentiles

The following is an excerpt from one of the new additions to my book, Jewish Supremacism. It offers more powerful evidence that reveals the Jewish extremist war against Gentiles, a struggle that we Gentiles are not even allowed to know about, much less resist. The new edition of Jewish Supremacism will be available for purchase in about three weeks at www.davidduke.com

From the new 2007 Edition of Jewish Supremacism by David Duke

After learning about the inordinate Jewish involvement in organized crime, historical slavery and modern white slavery, it did not surprise me when I began to learn of their domination of pornography. Just as Jewish scholars faithfully recorded the Jewish domination of the African slave trade so they have also documented their prominent role in pornography.

In a respected and scholarly magazine of Jewish intellectuals, (The Jewish Quarterly, winter 2004) Jewish professor Nathan Abrams in an article titled, "Triple Exthnics," proudly documents the leading role of Gentile-hating Jews in pornography.

A story little told is that of Jews in Hollywood's seedier cousin, the adult film industry. Perhaps we'd prefer that the "triple exthnics" didn't exist, but there's no getting away from the fact that secular Jews played (and still continue to play) a disproportionate role throughout the adult film industry in America. Jewish involvement in pornography has a long history in the United States, as Jews have helped transform a fringe subculture into what has become a primary constituent of Americana. These are the "true blue" Jews.

Jewish activity in the porn industry divides into two (sometimes overlapping) groups: pornographers and performers. Though Jews make up only two per cent of the American population, they have been prominent in pornography. "

In the postwar era, America's most notorious pornographer was Reuben Sturman, the "Walt Disney of Porn". According to the US Department of Justice, throughout the 1970s Sturman controlled most of the pornography circulating in the country. " It was said that Sturman did not simply control the adult-entertainment industry; he was the industry. "

Many are entirely secular, Jews in name only. Sturman, however, identified as a Jew - he was a generous donator to Jewish charities. "

Abrams shows how the corruption and debasement of Gentiles and Christian morality is a primary part of their motivation for intentionally infecting the Gentile community with pornography.

Is there a deeper reason, beyond the mere financial, as to why Jews in particular have become involved in porn? "

Al Goldstein, the publisher of Screw, said "The only reason that Jews are in pornography is that we think that Christ sucks. Catholicism sucks. We don't believe in authoritarianism." Pornography thus becomes a way of defiling Christian culture and, as it penetrates to the very heart of the American mainstream (and is no doubt consumed by those very same WASPs), its subversive character becomes more charged. "

Extending the subversive thesis, Jewish involvement in the X-rated industry can be seen as a proverbial two fingers to the entire WASP establishment in America. "

Opposition to Jewish extremist subversion of Gentile, Christian or Muslim morality is frequently defined as anti-Semitic "hatred" in the Jewish dominated media. Abrams writing in a Jewish journal for a presumably Jewish audience writes matter-of-factly about the "atavistic hatred" against us by Jewish pornographers and their motivation to "weaken the dominant culture in America by moral subversion."

Jewish involvement in porn, by this argument, is the result of an atavistic hatred of Christian authority: they are trying to weaken the dominant culture in America by moral subversion. Astyr remembers having "to run or fight for it in grammar school because I was a Jew. It could very well be that part of my porn career is an "up yours" to these people." "

Obviously, there are no articles in the mainstream media exposing Jewish "atavistic hatred" against Gentiles by the promoters of pornographic depravity. Abrams even goes on to talk about the roots of this revolutionary Jewish attack on European values.

Jews were also at the vanguard of the sexual revolution of the 1960s. Wilhelm Reich, Herbert Marcuse and Paul Goodman replaced Marx, Trotsky and Lenin as required revolutionary reading. "

Pacheco was one Jewish porn star who read Reich's intellectual marriage of Freud and Marx.

In light of the relatively tolerant Jewish view of sex, why are we ashamed of the Jewish role in the porn industry? We might not like it, but the Jewish role in this field has been significant and it is about time it was written about seriously.

Notice that all those mentioned: Reich, Marcuse, Goodman, Marx, Trotsky, Lenin and Freud are Jews. From Freud to Goodman, all represent a Jewish revolution against traditional European values and morality.

When sick Jewish pornographers are part of the brutality of Jewish organized crime, the results can obviously be horrifically tragic for our people. In 2000, a Jewish "Russian" organized crime ring was uncovered that specialized in kidnapping Russian children, some as young as two years old, from parks and orphanages and then subjecting them to rape, torture and murder, all on video tape. These tapes were sold to thousands of Jewish and Gentile perverts all over the world. When police in Italy were frustrated by lack of action by the authorities they released some of the video footage to an Italian network which then showed some of the graphic images hoping to cause public outrage. Instead of outrage against the Jewish murderers the TV producers suffered outrage for showing the disturbing images.

In spite of the horror and obvious newsworthiness of this international Jewish child porn/murder operation, it received little coverage in the media in the United States. When Seth Bekenstein, the ring's American distributor was arrested, there was little publicity, and in spite of being a part of one of the most horrific criminal activities imaginable, he was sentenced to only 18 months on guilty plea.

Porn is no longer 1950s pictures of voluptuous nude women on a deserted beach. It has become permeated with sadism, masochism, scatology, even sexual molestation, rape and murder of young children. I am no prude. I love the beauty of the human body. But, I do think that this kind of sick criminal activity, in which there is so much exploitation, so much degradation, so much catering to the depths of human depravity, should be fought with constitutional law.

Ironically, with Jewish influence over media, societal mores, and government today, it is legal, even chic to make and sell the sickest pornography showing the sick defilement of women. But, if you have unacceptable political opinions about Jewish supremacism, you may find yourself a political and social pariah, or at worst in prison. We live in a Jewish supremacist world where often the sickest porn is legal while political incorrect opinions will land you in prison.

Have you ever wondered where and how yodeling began?

Many years ago a man was traveling through the mountains of Switzerland .

Nightfall was rapidly approaching and he had nowhere to sleep. He went up to a farmhouse and asked the farmer if he could spend the night.

The farmer told him that he could sleep in the barn.

As the story goes, the farmer's daughter asked her father, 'Who is that man going into the barn?'

'That fellow traveling through,' said the farmer, 'needs a place to stay for the night, so I told him he could sleep in the barn.'

The daughter said, 'Perhaps he is hungry.' So she prepared a plate of food for him and then took it out to the barn.

About an hour later, the daughter returned, her clothing disheveled and straw in her hair. Straight up to bed she went.

The farmer's wife was very observant. She then suggested that perhaps the man was thirsty. So she fetched a bottle of wine, took it out to the barn, and she too did not return for an hour. Her clothing was askew, her blouse buttoned incorrectly. She also headed straight to bed.

The next morning at sunrise the man in the barn got up and continued on his journey, waving to the farmer as he left.

When the daughter awoke and learned that the visitor was gone, she broke into tears. 'How could he leave without even saying goodbye,' she cried. 'We made such passionate love last night!'

'What?' shouted the father as he angrily ran out of the house looking for the man, who by now was halfway up the mountain.

The farmer screamed up at him, 'I'm going to get you! You had sex with my daughter!'

The man looked back down from the mountainside, cupped his hand next to his mouth, and yelled out.....

'LAIDTHEOLADEETOO!!'

A blonde walks into a pharmacy and asks the assistant for some rectum deodorant. The pharmacist, a little bemused, explains to the woman they don't sell rectum deodorant, and never have.

Unfazed, the blonde assures the pharmacist that she has been buying the stuff from this store on a regular basis and would like some more rectal deodorant.

"I'm sorry", says the pharmacist, "we don't have any."

"But I always buy it here," says the blonde

"Do you have the container that it came in?" asks the pharmacist..

"YES", said the blonde, "I'll go home and get it."

She returns with the container and hands it to the pharmacist who looks at it and says to her,
"This is just a normal stick of underarm deodorant."

Annoyed, the blonde snatches the container back and reads out loud from the container

" TO APPLY, PUSH UP BOTTOM "

Yeah thanks go to CBC he is the one that brought up the CB radio videos. I have been watching the CB and Ham radio, and sniper videos (and having a ball), there is even a video showing the Interceptor 10K Antenna, that I didn't even know about.

Since the kid hooked me up to physco nut cake incredo fastest maxiumest hall ass high speed cable, the videos are great to watch and see.

Now I have to go buy a video camera, and video all the goings on.

A union plumber was called to woman's apartment to repair a leaking pipe. When he arrived he was pleased to discover that the woman was quite a luscious, well-stacked babe, and during the course of the afternoon the two became extremely friendly.

About 5.30 p.m. the phone rang, disturbing the bedroom shenanigans. "That was my husband," she said, "He's on his way home, but is going back to the office around 8. Come back then, dear, and we can take up where we left off."

The union plumber looked at the woman in disbelief.

"What? On my own time??"

I think the people in the link you supplied made it quite
clear. You aren't worthy of an entry, and it was little more than an
attack piece.

With a name like Punce, it's a wonder you're not afraid to use your own
name.

I've been killfiling all Google posts for weeks now, and it makes for a
much nicer Usenet. I am really, really glad to see that something is
finally being done about Google Groups in a formal way. I'll be
checking out nnseek and usenet4all.se immediately.

Keep up the good work!

Because my local drug dealer's street name is "radio" he got this name
because his old man owned a radio repair shop up on Avenue 109, and
whenever the illegal immigrants would try to steal from his old man's
shop he would beat the shit out of them with a baseball bat.

Sitting behind some nuns (whose habits partially blocked their view) at a hockey game, three men decided to badger the nuns in an effort to get them to move.

In a very loud voice, the first guy said, 'I think I'm going to move to Utah, there are only 100 nuns living there.'

The second guy spoke up and said, 'I want to go to Montana, there are only 50 nuns living there.'

The third guy said, 'I want to go to Idaho, there are only 25 nuns living there.'

One of the nuns turned around, looked at the men, and in a very sweet, calm voice said, 'Why don't you go to hell? There aren't any nuns there!'

4068. 80 Year Old New Dad

The marriage of an 80 year old man and a 20 year old woman was the talk of the town. After being married a year, the couple went to the hospital for the birth of their first child. The attending nurse came out of the delivery room to congratulate the old gentleman and said, "This is amazing. How do you do it at your age?"

The old man grinned and said, "You got to keep the old motor running."

The following year, the couple returned to the hospital for the birth of their second child. The same nurse was attending the delivery and again went out to congratulate the old gentleman. She said, "Sir, you are something else. How do you manage it?"

The old man grinned and said, "You gotta keep the old motor running.

A year later, the couple returned to the hospital for the birth of their third child. The same nurse was there for this birth also and, after the delivery, she once again approached the old gentleman, smiled, and said, "Well, you surely are something else! How do you do it?"

The old man replied, "It's like I've told you before, you gotta keep the old motor running."

The nurse, still smiling, patted him on the back and said: Well, I guess it's time to change the oil. This one's black.

This is NOT spamming - this was passed on to the group in the interest of
Public Service, but you trying to be the NON-Moderator of this group is
apparently too stupid to realize that!!

figure it out or not as you choose

I don't have to answer you

Your right - you don't have to answer me - so in the future if I post some
thing here or there that YOU don't like - you better not answer me!!!

so what?

was theirrequire ment that I find people that agree with me before I
post?

I hope to hell that nobody agrees with you about anything - actually it goes
to show that nobody in or on this NG likes you n the first place - if you
keep harassing me I'm gonna tell Dloyd on you!

Should be fairly obvious.

"denouciong" = removing all nouciongs

"dispurt" = not purt

"toic" = Topic Officer In Charge

Hi:

Once I went to a Vietnamese restaurant. One of the customers was a mega-obese elderly woman. Her arms and thighs were heeeeeeeeeeeeeyuuuuuuuuuuuuuuuge!!!

Her left thigh and arm were even bigger than her right thigh and arm!!!!!! Assymetry is pretty.

Her extra-jiggly left thigh was so big that it was dangling of the side of the chair despite her attempts to sit properly!!!!

That was one giant cream puff! Definitely one of my dream-women. The flab of her left thigh was actually touching the floor!!!!!!!!!!!!!!!!!

Her face is round because her facial and cranial bones give it that shape. Her obesity and the fact that she ties the her on the back of her head only increase her cute facial roundness. Not to mention those jiggly triple-chins of her's!!

She was wearing tank tops and extremely short shorts that day.

I was so tempted to cuddle her left thigh.

She was talking in Vietnamese to one of her family members. Her voice is extremely high-pitched, blunt, and soft. As smooth and creamy as her body.

She looked like she was in her mid-80s. Fat and old. Even better!

I stuck my hand under her arm and began slowly and gently tickling her cold inner left arm with my warm right hand. She turned towards me and gave me a strange looks with her eyes partially closed. She was way too old and fat to shout or flinch.

This woman is so cute!!!!!!!

Regards,

Radium

am wanted to be ham all my life? I study reel hard & they dont want
to
let me pass! I take the test 5 times before I pass,this meen I spent
alot a
money $14.00 for test x 5 test = $93.47 I spend to get license; so
when I
pass I get on 2 meter reepeter for fun & decide to make my own radio
show
in morning from 8-8:30am,I am tell weather & play music,but a local
ham
come to my door & tell me to stop my show & stay off his repeeter,he
try to
say he own the repeeter,but I no the fcc rule & tell him no 1 can own
repeeter repeeter is for all ham & I am ham!He says he will just shut
off
repeeter but again I know the fcc rule & tell him the rule say you can
make
a repeeter & once you put on repeeter you dont own it anymore it
belong to
ham radio & all ham can use it & if he turn it off I can report him to
fcc
and he will get a fine maybe even loose his license!he laugh at me
and
leave,I know he do this because ham only like old ham & dont like new
ham
because they dont no mores code!they blame new ham tech because fcc
make it
against the law for them to use mores code to talk to other ham!Later
that
week they complain on my friend I give him ht to talk to me on
repeeter,they say if he dont have license he cant talk on 2 meter!
again I
have to tell them fcc rule(you think they wuold no the rules) It is
ok
because i am controll oparater he call me from ht says my call sine &
wait
for me to answer I answer by saying this is(call sine)+ acting as
controll
operater for station player hater(that his handle) mines be ruff rider
but
I always id by say this be (call sine) the 1 ruff rider.So as long as
I say
controll operater it is ok!but he still dont like it! I decide to go
and

join local ham club I think if I join theer club then tey wont give
me
trouble any more,only me & some fourin guy(he is from a cuntree
called
Alaska) show up to join,they let the fourin guy join theer club,but
say I
cant join & say I am bad ham and want me to leeve! I tell that is not
fair
and it is against the law.And by fcc rule a fourin persin cant be a
ham,They try to lie to me & say he isnt fourin, But i am not stoopid
and
tell them since Alaska is a country in yourup (I beleeve between
sweeden &
France) he is in fact fourin!if you arent from Amerika you are fourin!
but
they dont care & say I have to leave & that they have report me to
fcc(lol
for what I no the rules & follew them)Bottum line if you are new ham
they
dont want you & wont talk to you. So I ask all good hams to get
together &
try to get rid of the meen & bad hams,so we can all enjoy fun & musik
on
ham radio the way it was ment to be! To all new hams (or those that
just
dont no the rules) you can play musik on FM only (FM term came from
stereo
and it means For Musik)never play musik on AM (AM means Alternit Mode
and
is for talk only)and never play musik on SSb(Simple Sight Band) that
is
also talk only! have fun & mabe us new ham can git together and make
our
own club and chase away the old meen hams they must reelize we are
the
future of ham radio & without peeple like us ham will not servive it
will
just wither and dye!

4146. Thomas: who named himself after an ORGAN

Newsgroup: rec.radio.amateur.policy

THOMAS - yes, that "Thomas".

It appears he named himself after the organ we've had in our living room
since the 1970s.

He makes himself out to be some huge "post-revolutionary" cult member
but it appears to me that he's only got a few women and a few closet cases
following his "light".

I would estimate that only about ten people have fallen for his shit -
namely the weakest ones who need protection from the more
violent and street-wise members of the community.

This faction is passive-aggressive and into poisoning and medical
abuses and stuff.....so watch out.

I may also remind cult member Ginger that trespassing and stealing
people's keys and making copies of them is ILLEGAL, and that
we are not in any criminal cult, we are not drug dealers or white supremacists
or anything illegal or illegitimate, so I think you want to end the
references to our house and trespassing.

Your creepy puritanical cult members (closet perverts a whole lot of them....
and I DO MEAN CLOSET) have done a good job of destroying the
"evidence" so that the picture is more pleasing to them.

Now the picture is much clearer about the survivors: that they just
don't realize how WRONG they are.

These morons have done a really good job of helping the extreme
right destroy itself. I wonder if they realize that yet.....that what they
are doing is essentially making this country safer for multiculturalism
and tolerance.

I don't know who Ginger and her little boyfriend T think they are attacking
and abusing.....but the lady is so dumb, she doesn't know history and she
just steals from people and abuses and trespasses without any thought to
the consequences.

I'm not going to be talked down to by some utterly bimbo-ish
white supremacist little whore who thought it a good idea to
get rid of someone about whom she falsely claimed was an "underling"
or "employee".

That employee has a college degree, she didn't die either and she
does not appreciate the "cleaning services" ordered by these

cult zombie racists.

This little whore idiot does not realize that sometimes people take lower paying jobs so that they can keep their eye on the racism situation.....not because they are "cheap" or failures.

I cannot believe how idiotic these blond Kentucky Fried Chickenheads are.

They conduct their affairs as if there are the deserving and the undeserving and the dumbest thing ever is that they just go about their criminal business (it ain't blackmail if you're doing it, Ted - it's called EXTORTION).

When violent people trespass and spy and steal information about you, it's not called blackmail, it's called EXTORTION. Especially when this surveillance activity has been accompanied by violence. I was a victim of violence, therefore it is utterly idiotic to continue playing these games with me and my FEDERAL family.

Since violence is in the mix and trespassing is involved, the correct term Ted, you little bitch, is EXTORTION.

Ted, you've been playing this game around here for about eight or nine years now. You had an obsession with my brother for years and you just listen in on people or gather "information" and that is not a really smart thing to do unless you match the person with whatever teeny, tiny crap you've gotten.

I've sat here for about a year and have observed your idiotic interpretations of my brother (VERY AMUSING) and my father and even my mother and......don't you guys feel humiliated by all of this REALLY BAD PLAY ACTING?

You're in your forties and you don't realize that you can't really know a person unless YOU GET TO KNOW THEM.....and you think you can continue this violent charade.

Trespassing is illegal, Ginger, and in your case, you are violating my civil rights.

Here is a white version of that Vietnamese lady:

http://revver.com/video/12735/cindy-salsa-dancing/

Just like that Vietnamese woman, she is so soft, smooth, and cuddly. Try touching her vulva and boobs. Her thigh and stomach. Her bums.

You can actually see her smooth, soft, cuddly vulva!!!!!!!!!!

All that fat in her really softens her body.

Fat ladies are so soft.

I killfile quietly these days. It's possible, IMO only, that if a troll knows your plonking them, they'll nymshift to get out of your KF.

Years ago, I posted on rec.arts.bodyart, and plonked one of the regulars. Well, everyone else there started quoting her posts where she was talking to me, rending my killfile useless. So I took her out of my KF, and publicly said that I'd done so. A few months later, however, I KF'd her again, and was quiet about it. Never saw her shit again. It was great.

Shown below, is an actual letter that was sent to a bank by an 86 year old woman. The bank manager thought it amusing enough to have it published in the New York Times.

Dear Sir:
I am writing to thank you for bouncing my check with which I endeavored to pay my plumber last month.

By my calculations, three nanoseconds must have elapsed between his presenting the check and the arrival in my account of the funds needed to honor it.

I refer, of course, to the automatic monthly deposit of my entire pension, an arrangement which, I admit, has been in place for only eight years.

You are to be commended for seizing that brief window of opportunity, and also for debiting my account $30 by way of penalty for the inconvenience caused to your bank.

My thankfulness springs from the manner in which this incident has caused me to rethink my errant financial ways.

I noticed that whereas I personally answer your telephone calls and letters, --- when I try to contact you, I am confronted by the impersonal, overcharging, pre-recorded, faceless entity which your bank has become.

From now on, I, like you, choose only to deal with a flesh-and-blood person.

My mortgage and loan repayments will therefore and hereafter no longer be automatic, but will arrive at your bank, by check, addressed personally and confidentially to an employee at your bank whom you must nominate.

Be aware that it is an offense under the Postal Act for any other person to open such an envelope. Please find attached an Application Contact which I require your chosen employee to complete.

I am sorry it runs to eight pages, but in order that I know as much about him or her as your bank knows about me, there is no alternative.

Please note that all copies of his or her medical history must be countersigned by a Notary Public, and the mandatory details of his/her financial situation (income, debts, assets and liabilities) must be accompanied by documented proof.

In due course, at MY convenience, I will issue your employee with a PIN number which he/she must quote in dealings with me.

I regret that it cannot be shorter than 28 digits but, again, I have modeled it on the number of button presses required of me to access my account balance on your phone bank service. As they say, imitation is the sincerest form of flattery.

Let me level the playing field even further.

When you call me, press buttons as follows:

IMMEDIATELY AFTER DIALING, PRESS THE STAR (*) BUTTON FOR ENGLISH!

#1. To make an appointment to see me
#2. To query a missing payment.
#3. To transfer the call to my living room in case I am there.
#4. To transfer the call to my bedroom in case I am sleeping.
#5. To transfer the call to my toilet in case I am attending to nature.
#6. To transfer the call to my mobile phone if I am not at home
#7. To leave a message on my computer, a password to access my computer is required. Password will be communicated to you at a later date to that Authorized Contact mentioned earlier.
#8. To return to the main menu and to listen to options 1 through 7.
#9. To make a general complaint or inquiry. The contact will then be put on hold, pending the attention of my automated answering service.
10. This is a second reminder to press* for English.

While this may, on occasion, involve a lengthy wait, uplifting music will play for the duration of the call.

Regrettably, but again following your example, I must also levy an establishment fee to cover the setting up of this new arrangement.
May I wish you a happy, if ever so slightly less prosperous New Year?

Your Humble Client

(Remember: This was written by a 86 year old woman)
'YA JUST GOTTA LOVE SENIORS' !!!'

How is your new doctor doing, Mark?

I understand he stepped up your AZT dosage to be in coordination with your body weight.

While I would not wish your malady upon anybody, you were warned that your lifestyle was a risky one at best.

There may be a glimmer of hope for you, Mark, but first you must lay off the anal sex.

By February of 2009, TVs will become all digital. People will have to buy a digital converter box to be able to get television.

As different products move to digital formats, it leaves less room for individual use. This is another example of how technology is becoming less and less accessible for personal, hobby, or technical use.

Those TV frequencies will be assigned to other uses. Will any of those frequencies go to amateur radio? Will this help or hurt amateur radio?

Another example is cell phones. Two way radio functions are being included in cell phones. GPS feature is included in some phones. Why carry a seperate device (such as two way radio or CB)?

Also, electronics items are becoming integrated to the point where its just main boards.
This is the case with cell phones, ipods. TVs are not integrated, but their cost is so low people don't want to get them repaired. There will be no need for electronics technicians.

A doctor in Ireland wanted to get off work and go hunting, so he approached his assistant.
"Seamus, I am goin huntin tomorrow and don't want to close the clinic. I want you to take care of the clinic and take care of all me patients."

"Yes, sir!" answers Seamus.

The doctor goes hunting and returns the following day and asks: "So, Seamus, how was your day?"

Seamus told him that he took care of three patients.
"The first one had a headache so I gave him TYLENOL."

"Bravo, and the second one?" asks the doctor.

"The second one had stomach burning and I gave him MALOX, sir," says Seamus.

"Bravo, bravo! You're good at this and what about the third one?" asks the doctor.

"Sir, I was sitting here and suddenly the door opens and a woman enters. Like a flame, she
undresses herself, taking off everything including her bra and her panties and lies down
on the table. She spreads her legs and shouts:

"HELP ME! For five years I have not seen any man!"

"Thunderin' Lard Jayzus, Seamus, what did ye do?" asks the doctor.

"I put drops in her eyes!"

4211. Bwahahaha! I can see why.

Yup, email me Doug Adair at the EBay addy "superskyhooks"
Nice feedback.....I've been doing business on ebay for
10 years, over 2000+ feedbacks, not one negative or even neutral.

Here's some of the "Feedbacks" Doug got for selling junk!

"I had to contact another Ham operator so I could use this antenna!! NO
direction"

"It took over a month to receive the package & he charged double for
shipping"

"Items weren't 'NEW' and slow ship, but did receive items OK"

"Still waiting for product"

LMFAO!!!!!!!!!!!!

Your posting of the only negatives the seller ever had out of over 250 shows how desparate you are to find something to exploit. How laughable, how lame. Of course, anyone posting under the name of a known gay person wouldn't be expected to have a lick of sense. Maybe a lick or 500 of something else, but never sense.

That's OK, but why didn't you post replies? Answer: You can't handle the truth.

In any case, I bet you need some dog clippers too...I KNOW Sgt. Carter, your bf, must have complained at least once about it.

By the way, watching how you foolishly dance to the AKC melody just shows again how well we control your output. Thanks for playing.

If you come up with something creative maybe we can exchange views again, but AKC policy is to limit the number of replies to moronic assclowns who can't be creative. You are still owned by us, so you can take consolation in that. Sorry.

Moishe has been lying ill for weeks. Then, suddenly, he slipped into a coma, and everyone feared the worst. The family is called. The son from Miami. The daughter from Bridgewater. The aunts. The uncles. All sit waiting for the end.

Suddenly a miracle! Moishe opens his eyes. Weakly he motions for his son to approach so he can hear talk to him.

Moishe is weak form illness and so his voice is very faint as he says, "I've been ill?"

"Yes, papa," replies the son with tears choking his voice, "Very ill."

Papa nods and speaks again. "I had a dream. I was nearing death when I suddenly smelled the aroma of your mother's apple strudel. I love that strudel. As wonderful a cook as my Sadie is, that strudel is her masterpiece."

He lays back against the pillow, weak after exerting himself by speaking.

"What a wonderful dream, papa. But the smell is real. Mama just took the strudel out of the oven to cool."

"A miracle!" cries Moishe as he tries to rise, and weakly falls against the pillows. He turns to his son and says, "I'm still too weak to get up. Go to the kitchen and get for me a piece of my Sadie's strudel."

The son obediently rises and leaves the room to fulfill his father's request...only to return a few moments later empty handed!

He sits again by his father's side. Moishe looks at him and says, "Nu? So...where is mein strudel?"

"I'm sorry, papa." replies his son, "But Mama says it's for AFTER the funeral!"

Why not? He's a blight on both humanity & amateur radio service.
No worse of a tactic than you starting a whole new thread and making it into

I got rear-ended this morning on the way to work while talking on the radio.
There we were, pulled over alongside the road, and slowly the other driver
got out of his car and . .
You know how sometimes you just get sooo stressed and then suddenly some
little thing will strike you as the funniest thing in the world?
Well I could NOT believe it . . . The guy was a DWARF!
He stormed up to my car, looked up at me, and said, "I AM NOT HAPPY!"
So I looked down at him and replied, "Well, which one are you then?"
. . . And that's when the fight started . .

OTOH I can report that my wife is now KD8CTL/ag a feat I thought

CB'ER WITH A TICKET..

possible but not quite probable. I am gald she made it she had woking
for
sometime on this question pool without feeling she was geting anywhere

on other scores My father in law came to hamfest spent some time whele
we
were testing on air and made a few contacts as a thrid party op, and
left
with a Tech class manual we will see what developes from that.

I had a chat with Mr Jim Hyaine

BET HE HAD A GOOD LAUGH AT YOUR EXPENSE

of of the ARRL at behest of someone else (not sure how it worked out)
we had
a frank discussion of thigng in My area the hobby/service in general,
and my
feelings and ipression of the ARRL. Deny the man what I must I must
also
grant him that unlike many folks on say RRAP he adknowledge that MY

AWWWWWWWW......poor marqueer!
guess that multiple choice give away extra is just another example of marqueer being a victim of the mean old amateur radio community.

maybe the test should be further dumbed down so that even the most simple
minded (such as marqueer) can play radio with the big boys! or does marqueer
really want to play with the big boys on the radio?

Wow. That kind of obsession is definitely not healthy. You need a
hobby that
occupies more of your time.

You are a judge of who is a blight on ham radio or humanity? Hardly.

Well, he certainly has you pegged. Find a job yet? Pay your taxes, support
your kids, see your shrink, then report back.

While walking through Golden Gate Park in San Francisco, a man came upon another man hugging a tree with his ear firmly against the tree.

Seeing this he inquired, 'Just out of curiosity, what the heck are you doing?'

I'm listening to the music of the tree,' the other man replied.

You've gotta be kiddin' me.'

No, would you like to give it a try?'

Understandably curious, the man says, 'Well, OK...' So he wrapped his arms around the tree and pressed his ear up against it.

With this, the other guy slapped a pair of handcuffs on him, took his wallet,
jewelry, car keys, then stripped him naked and left.

Two hours later another nature lover strolled by, saw this guy handcuffed to the tree stark naked, and asked, 'What the heck happened to you?'

He told the guy the whole terrible story about how he got there.

When he finished telling his story, the other guy shook his head in sympathy, walked around behind him, kissed him gently behind the ear and said, 'This just ain't gonna be your day, cupcake...'

Ennio Marchetto is a world renowned and awarded comedian who has created his own theatrical language mixing mime, dance, music and quick change costumes made out of card-board and paper. In 18 years Ennio has performed in over 70 countries for more than a million people. His show has received numerous awards and international critical acclaim.

PS..... He is from Italy. He does impressions of stars and singers using these paper costumes that transform from one person into another. He is incredible!! He is going to be in Boston in May at the Huntington Theater and the most expensive seats are only $50. He hasn't performed in Boston since 1995. I'm sure it will sell out quick. Once you watch the video you'll see why.

Definition of AKC:

The American Kennel Club (or AKC) is a registry of purebred dog pedigrees in the United States. Beyond maintaining its pedigree registry, this kennel club also promotes events for purebred dogs, including the Westminster Kennel Club Dog Show, an annual event which predates the official forming of the AKC, and the AKC/Eukanuba National Championship. The AKC is not part of the International Canine Organisation, F�d�ration Cynologique Internationale, as most other countries' kennel clubs are.

Well I'm not a dog, I don't live in a fantasy world, I don't owe back taxes or child support, I have never nor intend to have a court ordered psychiatric evaluation and ordered to seek it, my current or previous lady friends have never been convicted of any criminal activates, I don't live in a section 8 housing, I own my home and paid it in full 8 years ago, I don't obsess over little things like you do.
So if anything should be said, it's sorry about you.....

> So if anything should be said, it's sorry about you.....................

The absolute biggest hoot about this stuff is that while it does not
in any way help you get rid of the Anti-Keyclowns (AKC), it exposes
your utter frustration with us. You HAVE to lash out like this because
you are confounded at every turn in your pathetic attempts to get rid
of us. Nothing you can ever say or do, lie or truth, has not been
ssaid before. You can only repeat yourselves in sad mechanical
lockstep while the AKC hammers away at keyclownism.

There is no way you can do anything, but bless you for trying...it
makes our days to watch you jibber jabber aimlessly while we give you
one gastric complaint after another with our takedowns of the keyclown
mentality. The very fact that you do jibber jabber so much is because
you can't take it, and squirm to try to deflect the mallet as it comes
down.

So, sissy trying to hide behind nyms, here is the question: When, will
you be actually doing something about us anti-keyclowns? You already
know the answer is never, because you keyclowns have absolutely no
ability to do so. Never have and never will.

While walking through Golden Gate Park in San Francisco, a man came upon another man hugging a tree with his ear firmly against the tree.

Seeing this he inquired, 'Just out of curiosity, what the heck are you doing?'

I'm listening to the music of the tree,' the other man replied.

You've gotta be kiddin' me.'

No, would you like to give it a try?'

Understandably curious, the man says, 'Well, OK...' So he wrapped his arms around the tree and pressed his ear up against it.

With this, the other guy slapped a pair of handcuffs on him, took his wallet,
jewelry, car keys, then stripped him naked and left.

Two hours later another nature lover strolled by, saw this guy handcuffed to the tree stark naked, and asked, 'What the heck happened to you?'

He told the guy the whole terrible story about how he got there.

When he finished telling his story, the other guy shook his head in sympathy, walked around behind him, kissed him gently behind the ear and said, 'This
just ain't gonna be your day, cupcake...'

During her annual checkup, a well-built lady
was asked to disrobe and climb onto the
examining table.

"Doctor," she replied shyly, "I just can't undress

"That's all right," said the physician, "I'll flick off
the lights. You get undressed and tell me when
you're through."

In a few moments, her voice rang out in the
darkness, "Doctor, I've undressed. What

"Your clothes?" answered the doctor.
"Put them over here, on top of mine!"

What are you talking about?? He has been attacking me and others for months,
making claims about sexuality, abuse, etc etc. You have stated number of
times that you have the right to respond to attacks, now you say I can't do
the same thing you do?
And you call other people hypocrites, when you are the worst hypocritical

The dork screws up again "shuit" "baord" "agin" "becuase" "you can't play nice brain"

Stan shut down the board because of YOUR flooding and garbage, just like you wore out your welcome on QRZ, and got banned for life.

I found the joke to be funny. A sicko is someone like Mark, who uses a newsgroup to search for bi-sexual kinky sex involving urination or possible defecation. That was of course, before he decided he was Jewish. Back then he was still some sort of Pagan, or at least he claimed to be. Then again, Mark has made all sorts of wild claims through the years.

Mark is a dyslexic (as if he didn't already have enough problems) who refuses to use a spell checker. Do you suppose that if he were a Satan worshipper, he'd sell his soul to Santa?

These days, he serves as this newsgroup's Myna Bird, repeating the same things over and over. He can't fathom why anyone would want to pick on him.

No Jesus

No Christmas

No television

No cheerleaders

No baseball

No football

No hockey

No golf

No tailgate parties

No Wal-Mart

No Home Depot

No pork BBQ

No hot dogs

No burgers

No chocolate chip cookies

No lobster

No shellfish, or even frozen fish sticks

No gumbo

No jambalaya

No Beer

Rags for clothes and towels for hats.

Constant wailing from the guy next-door because he's sick and there are no doctors.

Constant wailing from the guy in the tower.

More than one wife.

You can't shave.

Your wives can't shave.

You can't shower to wash off the smell of donkey cooked over burning camel dung.

The women have to wear baggy dresses and veils at all times.

Your bride is picked by someone else.

She smells just like your donkey.

But your donkey has a better disposition.

Then they tell you that when you die it all gets better!

I mean, really, is there a mystery here?

The Urine Test

Like a lot of folks in this country... I have a job. I work, they pay me.
I pay my taxes and the government distributes my taxes as it sees fit.
In order to get that paycheck, I am required to pass a random urine test,
with which I have no problem.
What I do have a problem with is the distribution of my taxes to people who
don't have to pass a urine test.
Shouldn't one have to pass a urine test to get a welfare check because I
have to pass one to earn it for them?
Please understand, I have no problem with helping people get back on their
feet.
I do on the other hand have a problem with helping someone sitting on their
butt and using drugs.
Could you imagine how much money the state would save if people had to pass
a urine test to get a public assistance check?
Please pass this along if you agree or simply delete if you don't.
Hope you all will pass it along though.

In Mork's warped mind, he "cleaned up" the Nim Board. Which means he ruined

You have no right or cause to drag Dan, W4NTI into your sick, perverted world, Mark.

Is your life that boring, that cheap, that you feel compelled to drag others into your cesspool?

Your life is currently so screwed up that you cannot differentiate today from yesterday.

Army life? A Colonel? A Lt.? Which is it? You've claimed to be anything from a Colonel to a Lieutentant, to being in some sort of Chemical Corp at Fort Sill that never existed.
You claim to have three Masters' Degrees, but refuse to disclose what those alleged degrees are for...not to mention that you refuse to disclose which college(s) you allegedly attended to obtain those alleged degrees. In fact, Mark, there is no proof that you have even a simple Bachelors' degree.

You have claimed to be a Geophysisist, only to be called on the carpet by a REAL Geophysisist who promptly put you in your place. Your claims stopped after you were challenged. You tucked tail and ran.

So what are you, Mark??

A Colonel? A Lieutentant? A phony?

Dyslexic, yes you are. But above and beyond that, you are a Usenet Clown. A loser.

Bottom line? Drawing Dan into this is a cheap shot, even for you.

I am looking for a small portable laptop about the size of a DVD player, with minimum Hard drive size and some memory, something I can load XP on, and that has a USB port, has a close to possible full size keybd, a sound card, and runs on 12v battery and/or on a 12v power cord I can plug into a cigarette lighter.

I want to be able to run some of the HAM digital modes while in the field and don't want to schlep a heavy laptop around.

I heard that something like this might be available, for a street price of less than or around $250.00, but I have lost the reference page to it.

I don't know how you expect to get a "close to full size keyboard"
with something the size of a DVD player.

I guess I should have said a "keybd with all the functions - even if crammed
together" - Thanks - Best 73's

A crusty old Marine Sergeant Major found himself at a gala event hosted by a local liberal arts college. There was no shortage of extremely young idealistic ladies in attendance, one of whom approached the Sergeant Major for conversation.

"Excuse me, Sergeant Major, but you seem to be a very serious man. Is something bothering you?"

"Negative, ma'am. Just serious by nature."

The young lady looked at his awards and decorations and said, "It looks like you have seen a lot of action."

"Yes, ma'am, a lot of action."

The young lady, tiring of trying to start up a conversation, said, "You know, you should lighten up a little. Relax and enjoy yourself."

The Sergeant Major just stared at her in his serious manner. Finally the young lady said, "You know, I hope you don't take this the wrong way, but when is the last time you had sex?"

"1955, ma'am."

"Well, there you are. No wonder you're so serious. You really need to chill out! I mean, no sex since 1955! She took his hand and led him to a private room where she proceeded to "relax" him several times.

Afterwards, panting for breath, she leaned against his bare chest and said, "Wow, you sure didn't forget much since 1955."

The Sergeant Major said in his serious voice, after glancing at his watch, "I hope not; it's only 2130 now."

(Gotta love military time)
==========
Just a wee bit of Irish Humor..

Flynn staggered home very late after another evening with his drinking buddy, Paddy.. He took off his shoes to avoid waking his wife, Mary.

He tiptoed as quietly as he could toward the stairs leading to their upstairs bedroom, but misjudged the bottom step. As he caught himself by grabbing the banister, his body swung around and he landed heavily on his rump. A whiskey bottle in each back pocket broke and made the landing especially painful.

Managing not to yell, Flynn sprung up, pulled down his pants, and looked in the hall

mirror to see that his butt cheeks were cut and bleeding. He managed to quietly find a full box of Band-Aids and began putting a Band-Aid as best he could on each place he saw
blood.

He then hid the now almost empty Band-Aid box and shuffled and stumbled his way to bed.

In the morning, Flynn woke up with searing pain in both his head and butt and Mary staring at him from across the room.

She said, 'You were drunk again last night weren't you?'

Flynn said, 'Why you say such a mean thing?'

'Well,' Mary said, 'it could be the open front door, it could be the broken glass at the bottom of the stairs, it could be the drops of blood trailing through the house, it could be your bloodshot eyes, but mostly..... it's all those Band-Aids stuck on the hall mirror.

A sheel account? What is that?
Did you sign up over somebody else's call sign?
You can't get an account at QRZ unless your call sign is verified.

You lie to save face. Being banned is an embarassment.

4449. Poor Mark, KB9RQZ

He has been run off QRZ.com twice, this last time permanently. Banned because of his false accusations aimed toward Dan Jeswald, W4NTI.

He caused the Administrator of the Nim Board to shut the site down because he, Mark, ruined it for others.

Mark lost his Tera News account because of his hundreds upon hundreds of floods to this newsgroup and others, and is now relegated to using several nyms through Google Groups. (thank you, DeLorean)

Mark has been banned from other accounts as well. To this day he simply does not get it!

He dirties up each and every group he has ever used and yet persists in claiming that he is a "victum" who is only trying to defend what he calls his "good name".

It is no small wonder that KB9RQZ was awarded the Kook Of The Year award. This is quite the accomplishment for a no-code General.

And now, believe it or not, the Kook Of The Year as actually been elected as president of his local Ham club, CCRAA. Copper County Radio Amateur Association in Michigan.

This is quite the accomplishment for a Kook like Mark, though it speaks poorly for the club members who elected him.

Do a Google search for KB9RQZ and form your own opinions.

Don't take my word for it.

And while you are at it, check out http://www.ccraa.blogspot.com/
and look at the links to Mark's many, meandering blogs.
His blogs alone are a prime example of how imbalanced he is.

FDA News
FOR IMMEDIATE RELEASE
March 22, 2008
Media Inquiries:
Stephanie Kwisnek, 301-827-6242
Consumer Inquiries:
888-INFO-FDA

FDA Warns of Salmonella Risk with Cantaloupes from Agropecuaria Montelibano
The agency detains products from the Honduran manufacturer
The U.S. Food and Drug Administration has issued an import alert regarding entry of cantaloupe from Agropecuaria Montelibano, a Honduran grower and packer, because, based on current information, fruit from this company appears to be associated with a Salmonella Litchfield outbreak in the United States and Canada. The import alert advises FDA field offices that all cantaloupes shipped to the United States by this company are to be detained.

In addition, the FDA has contacted importers about this action and is advising U.S. grocers, food service operators, and produce processors to remove from their stock any cantaloupes from this company. The FDA also advises consumers who have recently bought cantaloupes to check with the place of purchase to determine if the fruit came from this specific grower and packer. If so, consumers should throw away the cantaloupes.

To date, the FDA has received reports of 50 illnesses in 16 states and nine illnesses in Canada linked to the consumption of cantaloupes. No deaths have been reported; however, 14 people have been hospitalized. The states are Arizona, California, Colorado, Georgia, Illinois, Missouri, New Jersey, New Mexico, New York, Ohio, Oklahoma, Oregon, Tennessee, Utah, Washington, and Wisconsin.

The FDA is taking this preventive measure while the agency continues to investigate this outbreak in cooperation with the Centers for Disease Control and Prevention and state partners. Such intervention is a key component of FDA's Food Protection Plan.

Symptoms of foodborne Salmonella infection include nausea, vomiting, fever, diarrhea, and abdominal cramps. In persons with poor health or weakened immune systems, Salmonella can invade the bloodstream and cause life-threatening infections. Individuals who have recently eaten cantaloupe and experienced any of these symptoms should contact their health care professional.

The FDA recommends that consumers take the following steps to reduce the risk of contracting Salmonella or other foodborne illnesses from cantaloupes:

a.. Purchase cantaloupes that are not bruised or damaged. If buying fresh-cut cantaloupe, be sure it is refrigerated or surrounded by ice.

b.. After purchase, refrigerate cantaloupes promptly.

c.. Wash hands with hot, soapy water before and after handling fresh cantaloupes.

d.. Scrub whole cantaloupes by using a clean produce brush and cool tap water immediately before eating. Don't use soap or detergents.

e.. Use clean cutting surfaces and utensils when cutting cantaloupes. Wash cutting boards, countertops, dishes, and utensils with hot water and soap between the preparation of raw meat, poultry, or seafood and the preparation of cantaloupe.

f.. If there happens to be a bruised or damaged area on a cantaloupe, cut away those parts before eating it.

g.. Leftover cut cantaloupe should be discarded if left at room temperature for more than two hours.

h.. Use a cooler with ice or use ice gel packs when transporting or storing cantaloupes outdoors.

The first time a young man from the UP went to a drug store to buy condoms, he was waited on by Dork Organ.

Dork asked what size the young man wanted and he replied, he wasn't sure. So Dork asked how big he was, the young man replied, "Compared to what?"

Dork held up one finger and asked the young man if he was that big. The young man said, "I'm bigger than that."

Then Dork held up two fingers and asked if I the young man was that big. He said, "I'm bigger than that."

Then Dork held up three fingers and asked if he was that big. The young man said, "I'm about that big."

Dork then put the three fingers in his mouth and said, "You're a medium."

Subject: Obama a no show at meetings

For those of you out of the Washington, DC area and don't get the Post, this was a front page article. What surprised me was that they'd actually print it and blimish their fair-haired candiates. Those of you that get the Post, you might have skipped over it.

Shailagh Murray and Jonathan Weisman Washington Post Staff Writers
Monday, March 24, 2008; Page A01

After weeks of arduous negotiations, on April 6, 2006, a bipartisan group of senators burst out of the "President's Room," just off the Senate chamber, with a deal on new immigration policy.

As the half-dozen senators -- including John McCain (R-Ariz.) and Edward M. Kennedy (D-Mass.) -- headed to announce their plan, they met Sen. Barack Obama (D-Ill.), who made a request common when Capitol Hill news conferences are in the offing: "Hey, guys, can I come along?" And when Obama went before the microphones, he was generous with his list of senators to congratulate -- a list that included himself.

"I want to cite Lindsey Graham, Sam Brownback, Mel Martinez, Ken Salazar, myself, Dick Durbin, Joe Lieberman . . . who've actually had to wake up early to try to hammer this stuff out," he said.

To Senate staff members, who had been arriving for 7 a.m. negotiating sessions for weeks, it was a galling moment. Those morning sessions had attracted just three to four senators a side, Sen. Arlen Specter (R-Pa.) recalled, each deeply involved in the issue. Obama was not one of them. But in a presidential contest involving three sitting senators, embellishment of legislative records may be an inevitability, Specter said with a shrug.

Unlike governors, business leaders or vice presidents, senators -- the last to win the presidency was John F. Kennedy in 1960 -- are not executives. They cannot be held to account for the state of their states, their companies or their administrations. What they do have is the mark they leave on the nation's laws -- and in Obama's brief three-year tenure, as well as Sen. Hillary Rodham Clinton's seven-year hitch, those marks are far from indelible.

"It's not an unusual matter for senators to take a little extra credit," Specter said.

Both Obama and Clinton have tried to make the most of it, and Clinton has attempted to bolster her Senate r&#65533;sum&#65533; with her less-than-transparent track record as first lady. The release Wednesday of more than 11,000 pages of

documents from Clinton's years in the White House sent reporters and political opponents scrambling for evidence that might contradict her lofty assessment of her performance in those years.

The Obama campaign pounced on the documents, using them to argue that the senator from New York had understated her role in securing the passage of the North American Free Trade Agreement and overstated her roles in foreign policy decisions and passage of the Family and Medical Leave Act early in her husband's administration.

With colleagues in Congress quick to claim credit where it is due, word moves quickly when undue credit is claimed.

"If it happens once or twice, you let it go," said Sen. Christopher J. Dodd (D-Conn.), an Obama supporter. "If it becomes the mantra, then you go, 'Wait a minute.' "

Immigration is a case in point for Obama, but not the only one. In 2007, after the first comprehensive immigration bill had died, the senators were back at it, and again, Obama was notably absent, staffers and senators said. At one meeting, three key negotiators recalled, he entered late and raised a number of questions about the bill's employment verification system. Kennedy and Specter both rebuked him, saying that the issue had already been resolved and that he was coming late to the discussion. Kennedy dressed him down, according to witnesses, and Obama left shortly thereafter.

"Senator Obama came in late, brought up issues that had been hashed and rehashed," Specter recalled. "He didn't stay long."

Both Obama And Clinton Embellish Their Roles
Just this week, as the financial markets were roiling in the wake of the Bear Stearns collapse, Obama made another claim that was greeted with disbelief in some corners of Capitol Hill. On March 13, Dodd, the chairman of the Senate Banking Committee, and Rep. Barney Frank (D-Mass.), chairman of the House Financial Services Committee, unveiled legislative proposals to allow the Federal Housing Administration to guarantee new loans from banks willing to help homeowners in or approaching foreclosure. Obama and Clinton were in Washington for a day-long round of budget voting, but neither appeared at the housing news conference.

Yet Obama on Monday appeared to seek top billing on Dodd's proposal.

"At this moment, we must come together and act to address the housing crisis that set this downturn in motion and continues to eat away at the public's confidence in the market," Obama said. "We should pass the legislation I put forward with my colleague Chris Dodd to create meaningful incentives for lenders to buy or refinance existing mortgages so that Americans facing foreclosure can keep their homes."

Dodd did say that Obama supported the bill, as does Clinton. But he could not offer pride of authorship to the candidate he wants to see in the White

House next year.

"I've talked to him about it at some length," Dodd said. "When Senator Obama was there for that full day of voting, we had long conversations about it. He had excellent questions and decided to support it."

Clinton also has her share of colleagues only too willing scrutinize her claims. Her campaign Web site describes Clinton's "successful effort to create" the popular State Children's Health Insurance Program during her husband's tenure in the White House, and she has placed herself in the middle of major international events, including the Northern Ireland peace process and the Balkan conflict.

But prominent Democratic senators, Irish historians and even Sinbad the comedian, who accompanied Clinton to Kosovo, are challenging some of her assertions.

During months of SCHIP negotiations in 1997, her name rarely surfaced in news accounts. Clinton never testified before Congress or held a news conference on the bill. When Sen. Orrin G. Hatch (Utah), the lead GOP negotiator of the children's health bill, heard reports that Clinton was depicting herself as SCHIP's main advocate, "I had to blink a few times," he said. Hatch said he doesn't recall a single conversation with Clinton about SCHIP, even a mention of her name. "If she was involved, I didn't know about it," he said.

"You know how she says, 'I started SCHIP'? Well, so did I," joked Sen. John D. Rockefeller IV (D-W.Va.), one of the Democrats who pushed the bill across the finish line along with Kennedy. Both have endorsed Obama.

Some Clinton insiders also are uncomfortable with some of her assertions. "I don't really like the way she talks about her role in SCHIP," conceded one former Clinton administration official, who supports the first lady's candidacy, speaking on the condition of anonymity in order to express his views candidly. "She doesn't say it right. What she should say is 'I was the driving force in the administration.' That's pretty big, and it's all true."

Obama has left discussion of SCHIP authorship to his allies. But his campaign has launched a broad challenge to Clinton's international bona fides.

In a memo last week, senior Obama adviser Gregory B. Craig, President Bill Clinton's lawyer during his impeachment proceedings, disputed a series of Clinton foreign policy claims. "When your entire campaign is based upon a claim of experience, it is important that you have experience to support that claim," Craig wrote.

But it may be SCHIP that presents the biggest question marks for her. The issue combines Clinton's twin passions for health care and children's causes, and Clinton talks of it like a proud parent. Speaking to General Motors workers last month, Clinton said: "If you want universal health care, you have to take on the insurance companies -- that's exactly what I did as first lady. And when we weren't successful, I kept on fighting until we got

health care for 6 million children."

Last fall, Kennedy said SCHIP "wouldn't be in existence" without Clinton's support inside the White House. But when her rhetoric on the campaign trail started to filter back to the Capitol, the veteran legislator became stingier with his praise.

"At the last hour, the administration supported it, and she was part of the administration, so I suppose she could say she supported it at the time," Kennedy said.

Chris Jennings, health policy coordinator in the Clinton White House, offers a different account. He recalled discussing an SCHIP-like program with the first lady even as her universal plan was unraveling. Jennings said Clinton pressed her husband to include children's health coverage in the 1997 State of the Union address and fiscal 1998 budget request.

But context is key, Jennings added. Barely two years had passed since the collapse of the universal health-care idea, and Clinton was still nursing deep political wounds. "She low-keyed her exposure, but that was on purpose," Jennings said. "Her feeling was 'I know my role, I'm going to be quiet, but I'm not going to go away.'"

ATTRACTION the act of associating horniness with a particular person.

LOVE AT 1st SIGHT what occurs when two extremely horny, but not entirely choosy people meet.

DATING the process of spending enormous amounts of money, time, and energy to get better acquainted with a person whom you don't especially like in the present and will learn to like a lot less in the future.

BIRTH CONTROL avoiding pregnancy through such tactics as swallowing special pills, inserting a diaphragm, using a condom, and dating repulsive men.

EASY a term used to describe a woman who has the sexual morals of a man.

EYE CONTACT a method utilized by a single woman to communicate to a man that she is interested in him. Despite being advised to do so, many women have difficulty looking a man directly in the eyes, not necessarily due to the shyness, but usually due to the fact that a woman's eyes are not located in her chest.

FRIEND a member of the opposite sex in your acquaintance who has some flaw which makes sleeping with him/her totally unappealing.

INDIFFERENCE a woman's feeling towards a man, which is interpreted to by the man as "playing hard to get."

INTERESTING a word a man uses to describe a woman who lets him do all the talking.

IRRITATING HABIT what the endearing little qualities that initially attract two people to each other turn into after a few months together.

LAW OF RELATIVITY how attractive a given person appears to be is directly proportionate to how unattractive your date is.

NYMPHOMANIAC a man's term for a woman who wants to have sex more often than he does.

SOBER condition in which it is almost impossible to fall in love.

As you may have heard the Bush Administration said each and every one of us would now get a nice rebate.

If we spend that money at Wal-Mart, all the money will go to China.

If we spend it on gasoline it will all go to the Arabs.

If we purchase a computer it will all go to India.

If we purchase fruit and vegetables it will all go to Mexico, Honduras, and Guatemala.

If we purchase a good car it will all go to Japan.

If we purchase useless crap it will all go to Taiwan and none of it will help the American economy.

We need to keep that money here in America, so the only way to keep that money here at home is to buy prostitutes and beer, since those are the only businesses still in the US.

Notice how Dork has his call written in purple glitter....bwahahaha!
No doubt he is stupid enough to buy the low quality shirts they sell
at hamfests.

"BIGET" ??
you stupid bastard!

you let a 17 year old kid pack you in the ass and you really think
people shouldn't see something wrong with that?

you should be in jail and should not have a ham license.

Two guys start a business. They invested all their money into it. Something goes wrong and they lose all their money.

The one guy is going crazy and pulling his hair out.

The other guy is perfectly calm just standing there with his hand in his pocket.

The first guy says to him," How can you just sit there, I'm over here pulling my hair out!"

The calm guy, just standing there with his hand still in his pocket, responds, "Oh, I'm pulling my hair out, too."
==========
A man has been in business for many, many years and the business is going down the drain.

He is seriously contemplating suicide and he doesn't know what to do.

He goes to the Rabbi to seek his advice. He tells the Rabbi about all of his problems in the business and asks the Rabbi what he should do.

The Rabbi says, "Take a beach chair and a bible and put them in your car and drive down to the edge of the ocean. Go to the water's edge. Take the beach chair out of the car, sit on it and take the bible out and open it up. The wind will rifle the pages for a while and
eventually the bible will stay open at a particular page.
Read the bible and it will tell you what to do."

The man does as he is told. He places a beach chair and a bible in his car and drives down to the beach.

He sits on the chair at the water's edge and opens the bible. The wind rifles the pages of the bible and then stops at a particular page. He looks down at the bible and sees what he has to do.

Three months later the man and his family come back to see the Rabbi. The man is wearing a $1,000 Italian suit, The wife is all decked out with a full-length mink coat and the child is dressed in beautiful silk. The man hands the Rabbi a thick envelope full of money
and tells him that he wants to donate this money to the synagogue in order to thank the Rabbi for his wonderful advice.

The Rabbi is delighted. He recognizes the man and asks him what advice in the bible brought this good fortune to him.

The man replies:

"Chapter 11."

Now I understand why you ham types talk so much about how it is so
important to attract young folks to amateur radio.

What are you saying, sir? What false attack did the poster make? How did the above poster violate federal law? I am sure you would agree that most people would be repulsed by one having anal sex with a 17 year old of either gender.

Furthermore, your blatant sexual perversions sheds a poor light on the hobby of amateur and citizen band radio.

I have to put it towards my propane heating bill for next year. I will get $1,500, and it will still not be enough. I'm well past that budget this year.

I kind of laugh at the Republicans and Americans who think this is a great thing. This is the equivalent of charging up a new credit card, when you are maxed out on the 10 you already have. This is borrowed money, that the Gov't doesn't have, but will have to pay interest on it later. Basically, it's the attitude of "It will be someone else's problem after we're all dead."

A man and a woman were sitting beside each other in the first class section of the
plane.

The woman sneezed, took out a tissue, gently wiped her nose and then shuddered for 10 or 15 seconds.

The man went back to his reading.

A few minutes later, the woman sneezed again, took a tissue, gently wiped her nose and shuddered again.

The man was becoming more and more curious about the shuddering.

A few more minutes passed and the woman sneezed one more time.
Again she took a tissue, gently wiped her nose and shuddered violently.

The man couldn't restrain his curiosity.

He turned to the woman and said, "Are you all right?"

'I'm sorry if I disturbed you," the woman replied, "I have a rare condition; when I sneeze, I have an orgasm."

The man was a little embarrassed but even more curious and said, "I've never heard of that before. What are you taking for it?"

The woman looked at him and said, "Pepper."

Sure K4yz & AB8MQ are listed on qrz - but there is no listing of Dan Jessward on qrz - also no findings of anyone trying to kill anyone else.....
What else does your mind conjure up?

You need to come up with real proof!!!!

Donald Duck and Daisy Duck were spending the night together in a hotel room and Donald wanted to have $ex with Daisy.

The first thing Daisy asked was, 'Do you have a c*ndom?'

Donald frowned and said, 'No.'

Daisy told Donald that if he didn't get a c*ndom, they could not have sex. 'Maybe they sell them at the front desk,' she suggested.

So Donald went down to the lobby and asked the hotel clerk if they had rubbers.'Yes, we do,' the clerk said and pulled one out from under the counter and gave it to Donald.

The clerk asked, 'Would you like me to put that on your bill?'

'No!' Donald quacked, 'What kind of a pervert do you think I am?'

Fifty-one years ago, Herman James, a North Carolina mountain man, was drafted by the Army.

On his first day in basic training, the Army issued him a comb. That afternoon the Army barber sheared off all his hair.

On his second day, the Army issued Herman a toothbrush. That afternoon the Army dentist
yanked seven of his teeth.

On the third day, the Army issued him a jock strap.

The Army has been looking for Herman for 51 years.

An archaeologist was digging in the Negev Desert in Israel and came upon a casket containing a mummy, a rather rare occurrence in Israel, to say the least.

After examining it, he called the curator of the Israel museum in Jerusalem.

"I've just discovered a 3,000 year old mummy of a man who died of heart failure!" the excited scientist exclaimed.

To which the curator replied, "Bring him in. We'll check it out."

A week later, the amazed curator called the archaeologist. "You were right about both the
mummy's age and cause of death. How in the world did you know?"

"Easy. There was a piece of paper in his hand that said, '10,000 Shekels on Goliath'."

Recall -- Firm Press Release
FDA posts press releases and other notices of recalls and market withdrawals from the firms involved as a service to consumers, the media, and other interested parties. FDA does not endorse either the product or the company.

T.M. Kovacevich International, Inc. Recalls Cantaloupe Because of Possible Health Risk
Contact:
T.M. Kovacevich International, Inc.
(215) 336-3160

FOR IMMEDIATE RELEASE -- Philadelphia, PA -- March 25, 2008 --- T.M. Kovacevich International, Inc. of Philadelphia, PA is recalling cantaloupes which it purchased from Agropecuaria Montelibano, a Honduran grower and packer, because the U.S. Food and Drug Administration ("FDA") has determined, based on current information, that cantaloupe fruit from this company has the potential to be contaminated with Salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The recalled product was distributed to wholesalers and processors in Georgia, Florida, Massachusetts and New Jersey, and may have reached consumers through grocery stores, restaurants, or other similar channels. Whole cantaloupe fruits subject to this recall carry a "Mike's Melons" sticker or may be unlabeled because this sticker has fallen off. Whole cantaloupe fruits subject to this recall were sold in boxes marked with the following text: "Cantaloupe, Mike's Melons, Produce of Honduras, Grown, Packed and Shipped by Agropecuaria Montelibano, San Lorenzo, Valle, Honduras".

We are unaware to date of any illnesses that may be associated with any cantaloupes sold by our company.

This recall has been initiated based on the FDA's determination, based on current information, that cantaloupe fruit from the referenced grower/packer appears to be associated with a Salmonella Litchfield outbreak in the United States and Canada.

Consumers who have recently bought whole cantaloupes from this specific grower and packer should destroy these products immediately. Consumers with questions may contact George Manos of T.M. Kovacevich International, Inc. at

(215) 336-3160.

WOULDN'T IT BE GREAT TO TURN ON THE TV AND HEAR ANY U.S. PRESIDENT, DEMOCRAT OR REPUBLICAN GIVE THE FOLLOWING SPEECH?

My Fellow Americans: As you all know, the defeat of the Iraq regime has been completed.

Since congress does not want to spend anymore money on this war, our mission in Iraq is complete.

This morning I gave the order for a complete removal of all American forces from Iraq. This action will be complete within 30 days. It is now time to begin the reckoning.

Before me, I have two lists. One list contains the names of countries which have stood by our side during the Iraq conflict.

This list is short. The United Kingdom, Spain, Bulgaria, Australia, and Poland are some of the countries listed there.

The other list contains every one not on the first list. Most of the world's nations are on that list. My press secretary will be distributing copies of both lists later this evening.

Let me start by saying that effective immediately, foreign aid to those nations on List 2 ceases immediately and indefinitely. The money saved during the first year alone will pretty much pay for the costs of the Iraqi war. THEN EVERY YEAR

THERE AFTER IT'll GO TO OUR SOCIAL SECURITY SYSTEM SO IT WON'T GO BROKE IN 20 YEARS.

The American people are no longer going to pour money into third world Hellholes and watch those government leaders grow fat on corruption.

Need help with a famine? Wrestling with an epidemic? Call France!

In the future, together with Congress, I will work to redirect this money toward solving the vexing social problems we still have at home. On that note, a word to

terrorist organizations. Screw with us and we will hunt you down and eliminate you

and all your friends from the face of the earth.

Thirsting for a gutsy country to terrorize? Try France or maybe China .

I am ordering the immediate severing of diplomatic relations with France, Germany , and Russia. Thanks for all your help, comrades. We are retiring

from NATO as well. Bon ne chance, mez amies.

I have instructed the Mayor of New York City to begin towing the many UN diplomatic vehicles located in Manhattan with more than two unpaid parking tickets to sites where those vehicles will be stripped, shredded and crushed. I don't care about what ever treaty pertains to this. You creeps have tens of thousands of

unpaid tickets. Pay those tickets tomorrow or watch your precious Benzes, Beamers and limos be turned over to some of the finest chop shops in the world. I love New York! A special note to our neighbors. Canada is on List 2. Since we are likely to be seeing a lot more of each other, you folks might want to try not pissing us off for a change.

Mexico is also on List 2 its president and his entire corrupt government really need an attitude adjustment. I will have a couple extra thousand tanks and infantry divisions sitting around. Guess where I am going to put 'em? Yep, border security.

Oh, by the way, the United States is abrogating the NAFTA treaty - starting now.

We are tired of the one-way highway. Immediately, we'll be drilling for oil in Alaska - which will take care of this country's oil needs for decades to come. If you're an environmentalist who opposes this decision, I refer you to List 2 above: pick a

country and move there.

It is time for America to focus on its own welfare and its own citizens. Some will accuse us of isolationism. I answer them by saying, 'darn tootin.'

Nearly a century of trying to help folks live a decent life around the world has only earned us the undying enmity of just about everyone on the planet. It is time to eliminate hunger in America. It is time to eliminate homelessness in America. To the nations on List 1, a final thought. Thank you guys. We owe you and we won't

forget.

To the nations on List 2, a final thought: You might want to learn to speak Arabic.

God bless America . Thank you and good night.

If you can read this, thank a teacher. If you are reading it in English, thank a soldier.

(Please forward this to at least ten friends and see what happens! Let's get this to every USA computer!)

There was a gentleman living in a small village
who unfortunately had a stomach disorder that
required him to drink the milk of a nursing mother.

Well there weren't too many women in the village
nursing babies and even fewer who would agree
to allow a grown man to suck on their breast. But
low and behold, the poor man finally found a rather
buxom young girl who recently had given birth who
was willing to help him out-- for a price.

The man was desperate because his condition was
growing worse, so he agreed to pay the woman the
amount of money she demanded. After all, the woman
had a new born baby to care for and the father had
abandoned them to their fate.

The first day was a bit awkward as the man showed
up and, with a bit of anxiety and embarrassment,
leaned over and began to suckle on the woman's
breast. Well weeks went by and the awkwardness
began to fade.

One day, the woman realized that the man's s*cking
was beginning to arouse her sexually. It became
almost unbearable and finally, in a sensuous voice,
she said, "Is there anything else you'd like?"

The man paused in his sucking for a moment and
looked up at her. "Yeah," he said finally."Can I have
a cookie with my milk?"

Spokane Produce Recalls Cut Cantaloupe Products Because of Possible Product Risk
Contact:
Contact: Dan Petek
509.710.8301

FOR IMMEDIATE RELEASE --Spokane, WA -- March 28, 2008 --- Spokane Produce, Inc. of Spokane, Washington is recalling Garden Patch, Yokes, and Rosauers Classic labels of various products of fresh cut and cut fruits containing cantaloupe, because they have the potential to be contaminated with Salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocaritis and arthritis.

Products recalled by Spokane Produce include the following items containing cut cantaloupe:

Cantaloupe Chunks and Pieces
Sizes: 5oz, 8oz., 11oz, 12oz.,16oz., 21oz, 24oz., 32oz., 48oz., 64oz. & 5 lb.

Melon Medley
Sizes: 6oz., 8oz., 11oz., 12 oz., 16oz., 23.oz., 24oz., 32oz., 48oz., 64oz.

Mixed Melon Cantaloupe-Honeydew
Sizes: 4oz., 5oz., 8oz., 11oz., 16oz., 22oz., 24oz., 32oz., 48oz.

Fruit Medley
Sizes: 5oz., 8oz., 11oz., 12oz., 16oz., 23oz., 24oz., 32oz., 48oz., 64oz.

Fruit Medley with Strawberries
Sizes: 16oz., 24oz.

Mixed Melon and Fruit
Sizes: 6oz., 11oz., 16oz., 24oz.

Fruit Trays
Sizes: 40oz., 48oz., 75oz.

Products are packed in plastic cups or clamshells and distributed under the Garden Patch, Yokes, or Rosauers Classic labels. Products are coded with a "Best used by" dates up to and including 03/26/08.

The above products were distributed through retail stores in Washington, Idaho, Montana, Oregon, and Wyoming. Products are packed in plastic cups or clamshells and distributed under the Garden Patch, Yokes or Rosauers Classic labels.

No illnesses reported to date have been directly linked to the above-mentioned products.

The cantaloupe products were supplied from Agropecuaria Montelibano, a Honduran grower and packer, to Spokane Produce. This recall was initiated when the U.S. Food and Drug Administration issued an import alert regarding cantaloupe from this grower, because, based on current information, fruit from this company appears to be associated with a Salmonella Litchfield outbreak in the United States and Canada.

Consumers who have purchased these products are urged to return them to the place of purchase. Customers with questions may contact Dan Petek of Spokane Produce at 509.710.8301.

Bounty Fresh, LLC. Recalls Cantaloupe Because of Possible Health Risk
Contact:
Bounty Fresh, LLC
305-592-6969

FOR IMMEDIATE RELEASE -- Miami, FL -- March 27, 2008 -- Bounty Fresh, LLC, has recalled cantaloupes from Agropecuaria Montelibano, a Honduran grower and packer because the U.S Food and Drug Administration ("FDA") has determined, based on current information, that cantaloupe fruit from this company has the potential to be contaminated with salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e. infected aneurysms), endocarditis and arthritis.

The recalled product was distributed nationwide to wholesalers and grocery stores. Whole cantaloupe fruits subject to this recall are packed three melons in a sleeve under the brand "Chestnut Hill Farms" and one melon per

sleeve under the "Perfect Melon" brand. Individual melons are not labeled, but sleeves contain tags that say either "Perfect Melon" (one count) or "Chestnut Hill Farms" (3 count). Whole cantaloupe fruits subject to this recall were sold in boxes marked with the following text: "Cantaloupe, "Chestnut Hill Farms" (3 count) or "Perfect Melon" (one count) , Produce of Honduras, Grown, Packed and Shipped by Agropecuaria Montelibano, San Lorenzo, Valle, Honduras". All boxes also contain the Chestnut Hill Farms logo.

This recall has been initiated based on the FDA"s determination, based on current information, that cantaloupe fruit from the referenced grower/packer appears to be associated with a Salmonella Litchfield outbreak in the United States and Canada.

Consumers who have recently bought whole cantaloupes from this specific grower and packer should destroy these products immediately. Consumers with questions may contact Raul Romero, Bounty Fresh, LLC at 305-592-6969.

Chiquita Brands International, Inc. Recalls Whole Cantaloupes Grown by Agropecuaria Montelibano, Honduras, Due to Possible Health Risk
Contact:
Chiquita Brands International, Inc.
(800) 242-5472

FOR IMMEDIATE RELEASE -- Cincinnati, OH -- March 27, 2008 -- Chiquita Brands International, Inc. today announced a voluntary recall of cantaloupes grown, packed and shipped by an independent third-party grower, Agropecuaria Montelibano in Honduras. The product was distributed to customers nationwide and is being recalled because they have the potential to be contaminated with Salmonella.

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Symptoms of food-borne Salmonella infection include nausea, vomiting, fever, diarrhea, and abdominal cramps. Individuals who have recently eaten cantaloupe and experienced any of these symptoms should contact their health care professional.

The cantaloupes were distributed for sale throughout the US and Canada in cardboard cartons with the brands "Mike's Melons," "Mayan Pride" and "Chiquita" all showing "PRODUCE OF HONDURAS" printed on each of the side panels of the carton. The address of the shipper appears on one end panel of the carton as follows:

GROWN, PACKED AND SHIPPED BY:
AGROPECUARIA MONTELIBANO

SAN LORENZO, VALLE, HONDURAS

Chiquita advises that U.S. grocers, food service operators and produce processors remove from their stock all recall product. Chiquita also advises consumers who have recently bought cantaloupes to check with the place of purchase to determine if the fruit came from this specific grower and packer. If so, consumers should throw away the cantaloupes.

Consumers with questions may contact the company at (800) 242-5472.

I think this came about on QRZ, but Mark has again been banned from their
chat rooms for just this sort of goofy accusation.
From what I understand, he said something to tick W4NTI off big time and
Dan, being one to not take any guff, fired back at Mark. Apparently the
Administrator of QRZ determined that Dan had done nothing wrong and banned
Mark, yet again, from the QRZ boards. This makes the second time that Mark
has been banned from their boards, and this time, according to the Admin, it
will be permanent.

Recall -- Firm Press Release
FDA posts press releases and other notices of recalls and market withdrawals from the firms involved as a service to consumers, the media, and other interested parties. FDA does not endorse either the product or the company.

Stonyfield Farm Announces Nationwide Voluntary Recall of 6-Ounce Fat Free Blueberry Yogurts
Contact:
Alice Markowitz
(800) 776-2697

FOR IMMEDIATE RELEASE -- Londonderry, NH -- March 28, 2008 -- Organic yogurt maker Stonyfield Farm has announced a voluntary product recall of its non-fat blueberry yogurt products.

The recall comes in response to the possibility of glass fragments in the product. Although the company believes the problem is not widespread, it is taking this precautionary measure to ensure the safety of its consumers.

Affected products would be 6-ounce Fat Free Blueberry yogurts carrying one of following product codes printed along the cup bottom that start with the following dates:

Apr 14 08

Apr 15 08

April 25 08

Apr 26 08

There are no reports of injury. People who bite into or swallow a fragment could possibly be injured, prompting this precautionary recall.

Stonyfield Farm is also advising its distribution network to remove the 6-ounce fat free blueberry yogurt from the shelves immediately. The product is sold at natural food stores and major grocery retailers nationwide.

Consumers are instructed to return opened and unopened containers to their retailers. Those returning product will be reimbursed for the full value of their purchase.

"Our first priority has always been and always will be the welfare of our consumers," says Gary Hirshberg, Stonyfield Farm President and CE-Yo. "We are taking this voluntary step to ensure that we identify any product that does not meet our standards of quality and food safety."

Consumers with questions should contact Stonyfield Farm Consumer Relations at 1-800-PRO-COWS, Monday through Friday, 8 a.m. to 5 p.m.

FOR IMMEDIATE RELEASE -- Lawrence, Massachusetts -- March 28, 2008 -- JARD Marketing, Lawrence, Massachusetts is recalling selected fresh cut fruit products which contain cantaloupe which has the potential to be contaminated with Salmonella. On March 26, 2008, JARD marketing was requested by its supplier T. M. Kovacevich International Inc, to recall products produced with cantaloupe from Agropecuaria Montelibano. Foodservice products are packed in plastic pails or jars, and retail products are packed in plastic cups and trays. This recall affects all packs and sizes. Products under this recall were distributed in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey and Pennsylvania.

Food Service products containing cantaloupe packed in plastic pails and jars include the following brands: Pebble Beach, Festival Of Fruit, Cornucopia Sweet, Jambo Chef, Fowler Fruit Mix, Instantwhip, Syracuse Banana and City Line Food Dist. Pails under this recall are coded with an expiration date from "Exp Apr 7, 2008" to "Exp Apr 22, 2008 or with a Julian Code of "08067" to "08082". Plastic jars under this recall are coded with an expiration date of "Exp Apr 22, 2008" to "May 7, 2008" or with a Julian Code of "08067" to "08082".

Retail products containing cantaloupe packed in plastic cups and trays include the following brands: Frosty Fresh, Fresh Hand Cut, Fruit On The Go, Highland Park, Bruegger's Bagels, Sid Wainer & Son, Hannaford Brothers and Garden Highway Plant # P-005. Plastic cups and trays under this recall are coded with a sell by date of "3/29/08" or earlier.

Symptoms of food borne Salmonella infection include nausea, vomiting, fever, diarrhea, and abdominal cramps. In persons with poor health or weakened immune systems, Salmonella can invade the bloodstream and cause life-threatening infections.

We are unaware to date of any illnesses that may be associated with any products containing cantaloupe, sold by JARD Marketing Corp., or its distributors.

Establishments who have any of the products involved should contact their supplier for disposition instructions. Consumers with questions may contact JARD Marketing Corp. at (978) 681-8900.
